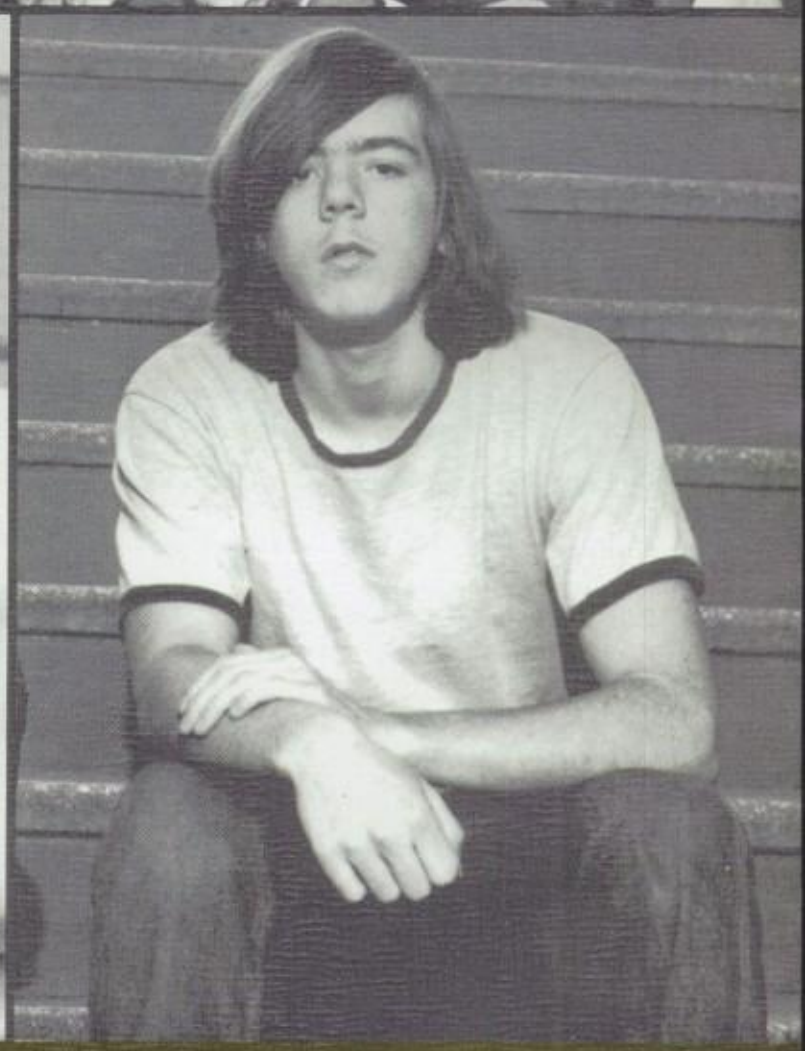
JUST AS A DAISY MUST PASS THROUGH DIFFERENT STAGES AS IT GR

WSFROMABUDTOAFLOWERANDMAKESITSPLACEINITSFIELDSOWEF

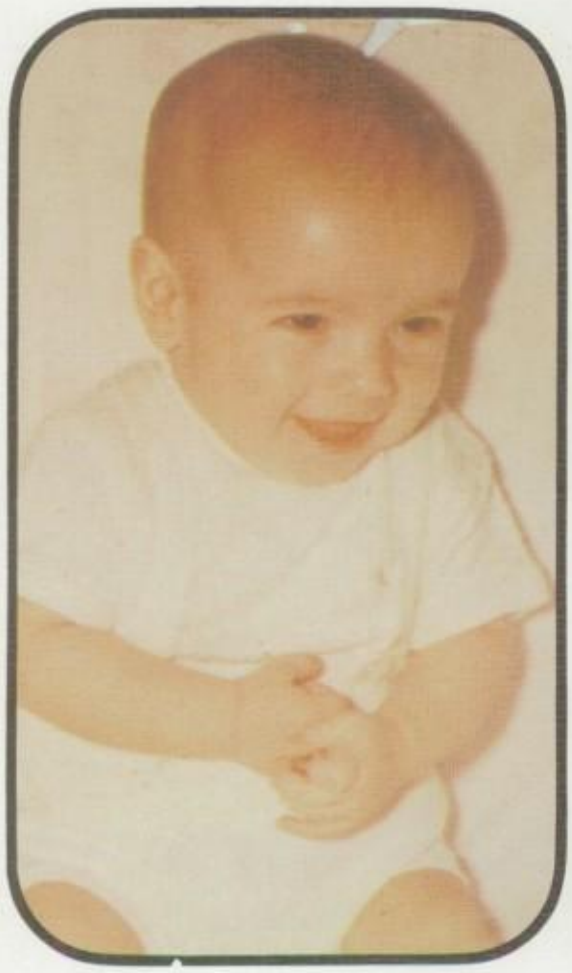


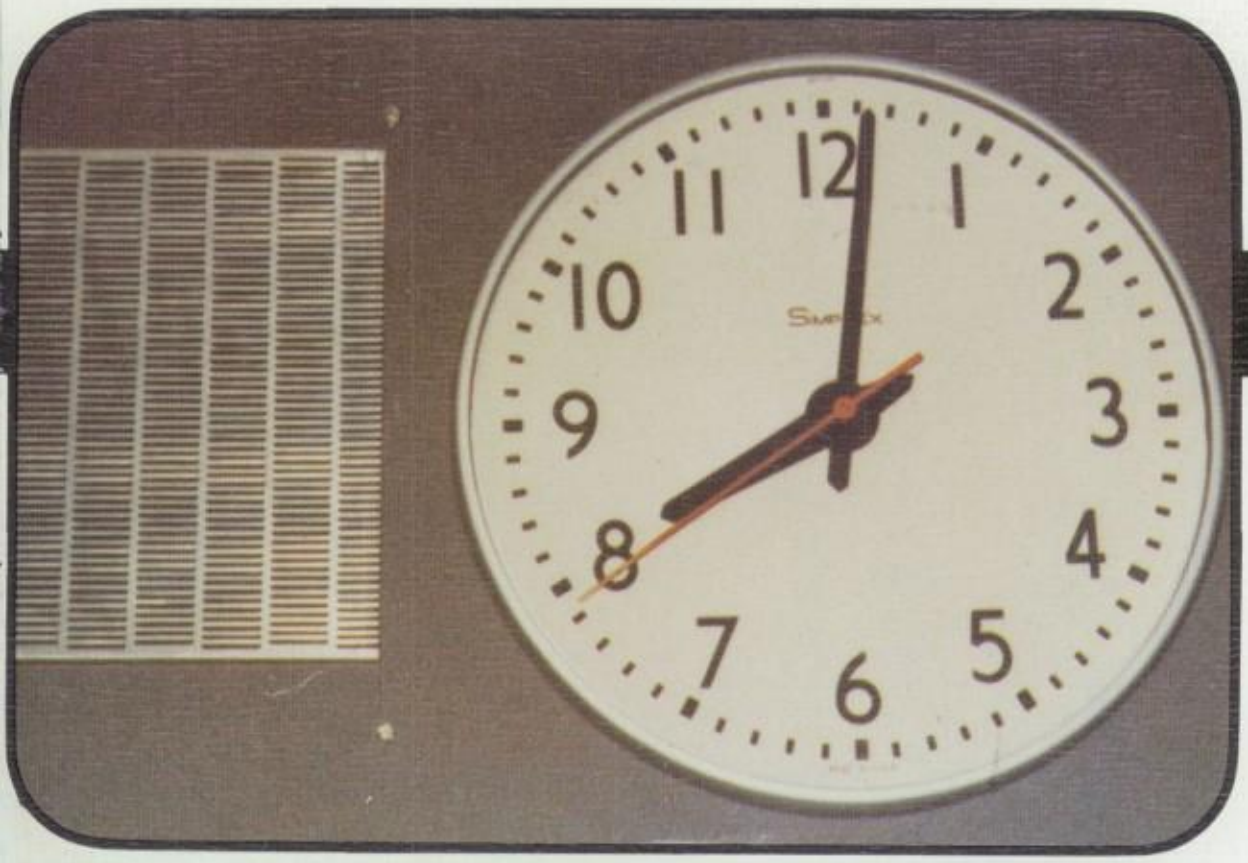
Just as a daisy must pass through different stages as it grows from a bud to a flower and makes its place in its field, so we pass through different stages as we grow from infants to adults and make our places in our world.

COHISEAN1977CohoesHighSchoolCohoesNewYork12047VolumeXXV

THIS WAS ONLY THE BEGINNING . . .

Right from the start, at 8:01 on Day I, we knew that Cohoes High School was going to be different. We quickly found out HOW different! This was our big chance to stake our claim at C.H.S. We had survived other stages of our lives, through grade school, Junior High, and now - the ultimate goal - High School. But we were wrong - we were right back where we started. Once more we were the babies in the crowd, the most easily misled and the most likely to be picked on. Our freshman year meant beginning another stage in our lives. We had a lot to learn about . . .

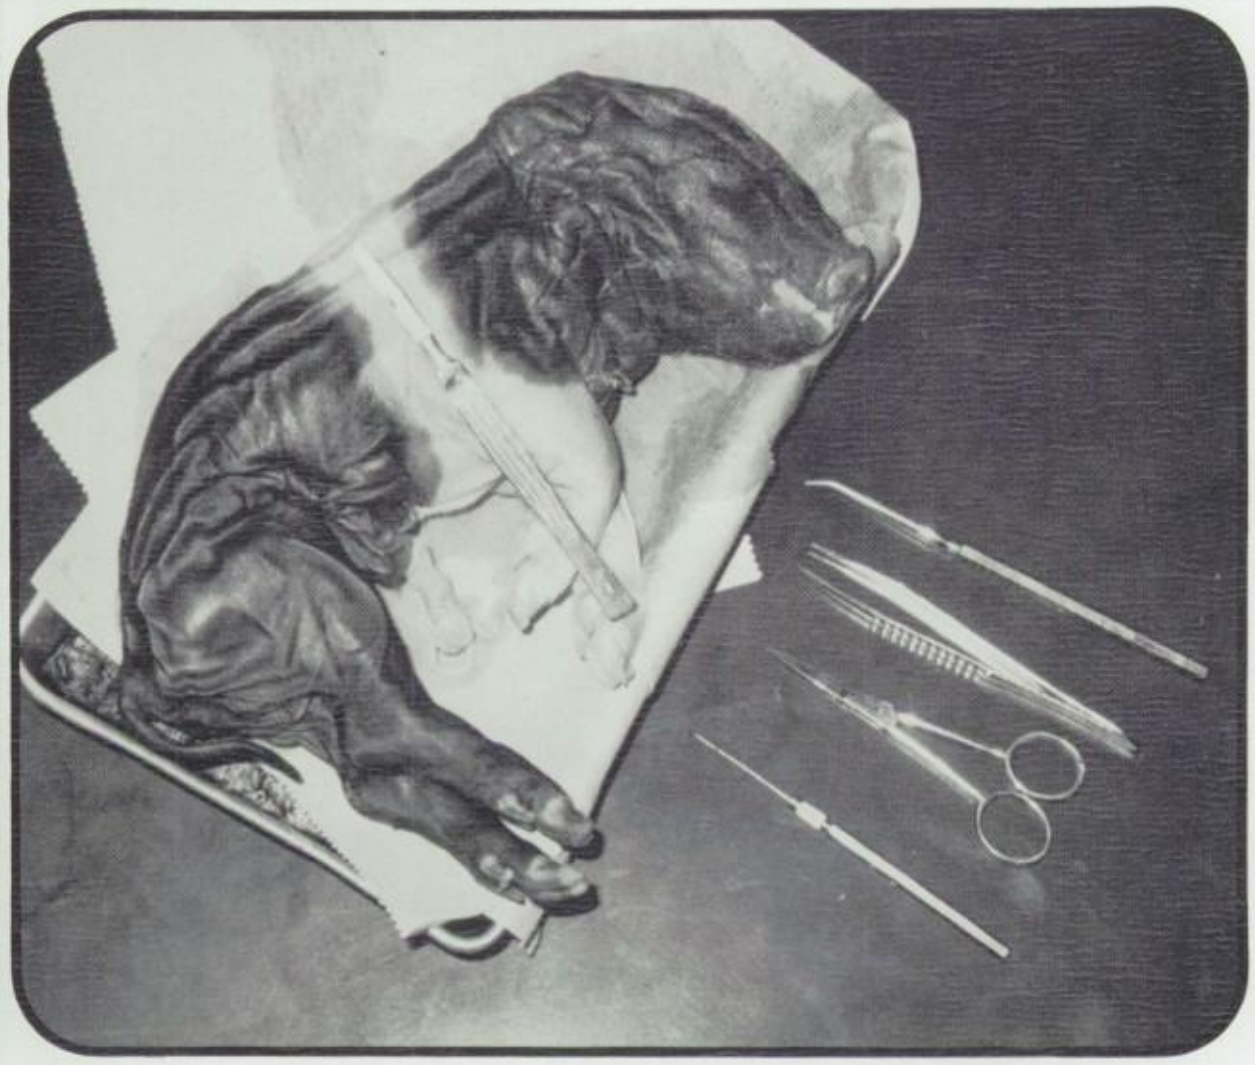




- computer schedules (that we could not read)
- helpful seniors (that we could not trust)
- class sales kits (that we could not sell)
- lockers (that we couldn't open, once we found them)
- teachers (that we couldn't really talk to)
- bigger and better classrooms (that we couldn't find)
- IPS labs (that we were lucky to survive)
- reading labs (that taught us to read)
- clocks (that we thought would never point to 2:35)

ONE MORE STEP . . .

The only real difference between our freshman year and our sophomore year was one summer and much less confusion. We moved on to a new stage of our lives, an uncertain stage. It was like being stuck in the middle, not really belonging anywhere. Freshmen were too young and inexperienced and confused for us; juniors and seniors were too old and experienced and stuck together like fly paper. We couldn't interfere with that relationship even if we dared. So there we were, just us, by ourselves, the sophomore class. We did what sophomores always do . . .



- We stood by lockers (that was the "cool" thing to do)
- We voted on class rings (with disagreements that resulted in war)
- We dissected a fetal pig (a once-in-a-lifetime opportunity!)
- We took a stand in team sports (to be called a "jock")
- We tried to study a little harder (our lives depended on it)

WE WERE ON OUR WAY . . .

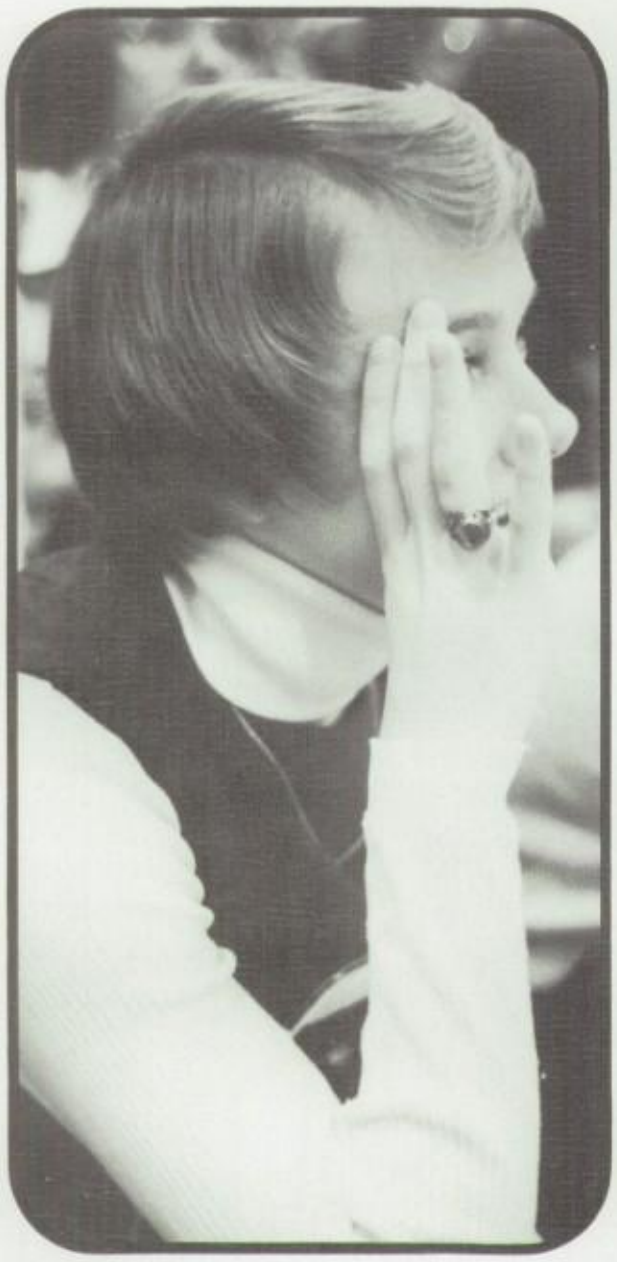
We were now a class that had piles of books and tons of work facing us. Exams threatened us, but we received very little sympathy from our teachers.

A steady stream of social events kept us busy enough to take our minds off our problems. This was the year that we were supposed to be "united." The little finger ornament with "1977" engraved on its side proved that we had some things in common. We now shared things like . . .

Our prom (an event that everyone looked forward to)
Our expectations (for senior release)
Our Junior Party (a day off, while everyone else slaved over tests)
Our class rings (which came in ice blue from Josten's)
Our new-found friends (among the SENIORS)

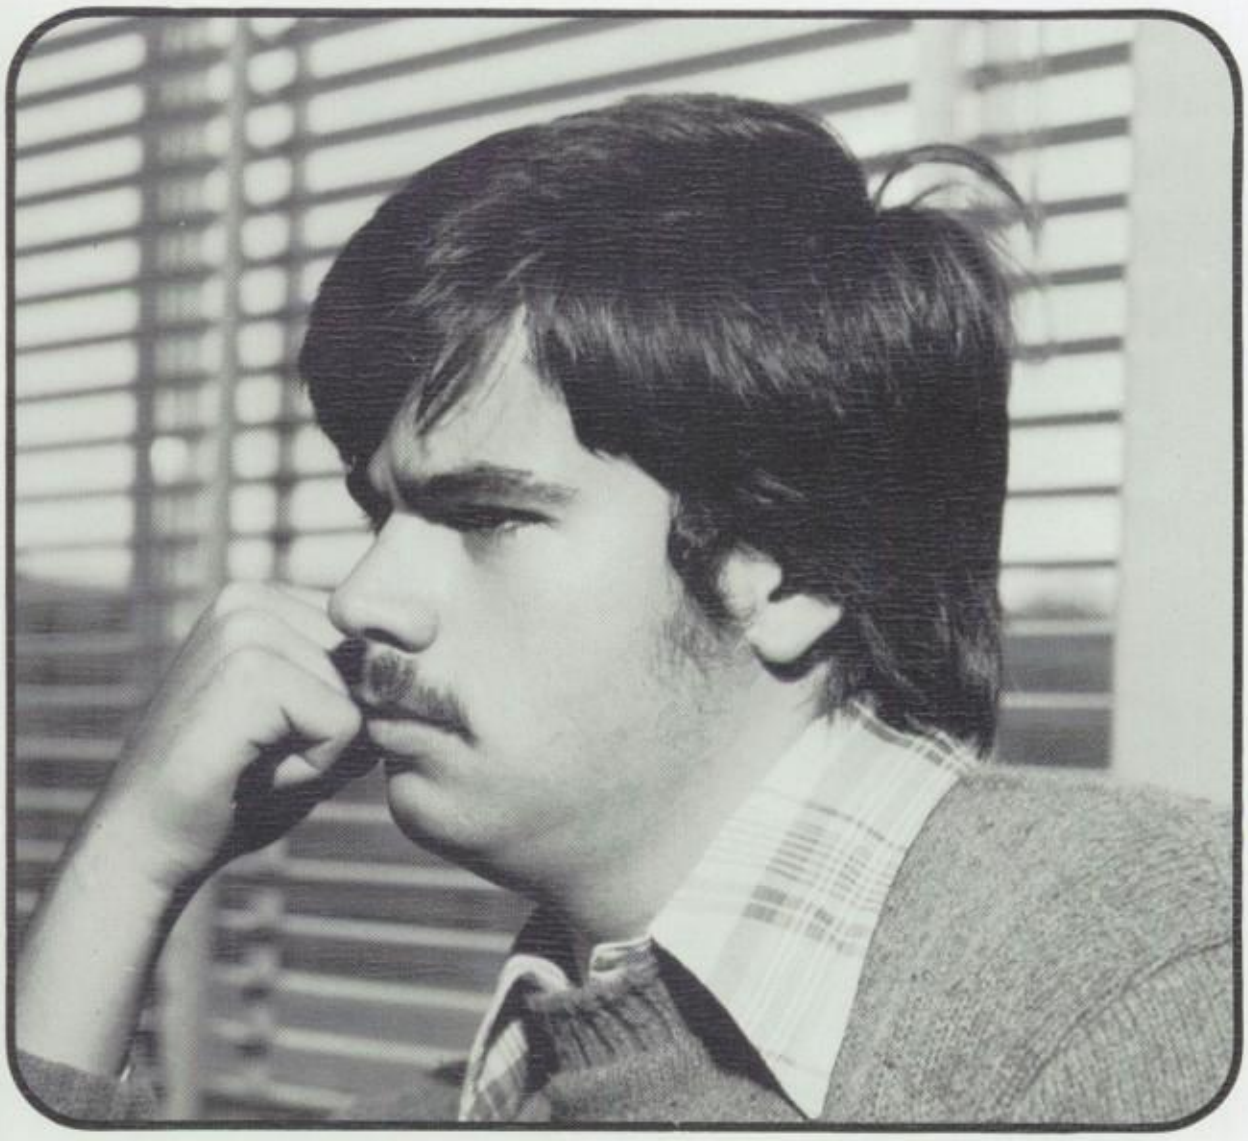
IT'S ALMOST OVER . . .

This is our last stand. Four years of schoolwork have nearly come to an end. We are almost finished with running to classes. Four years of being guided and sheltered by parents and teachers are almost over. Now it is time to move on - but move on to what?? College? A job? Technical school? We know that we will



be graduating soon, and that we have the future at our fingertips. But right now we are not ready to face the future; we prefer to take one more look at the people, places, events that will be our favorite memories of our years as the Class of 1977. We will look at the pages of this book and think of . . .

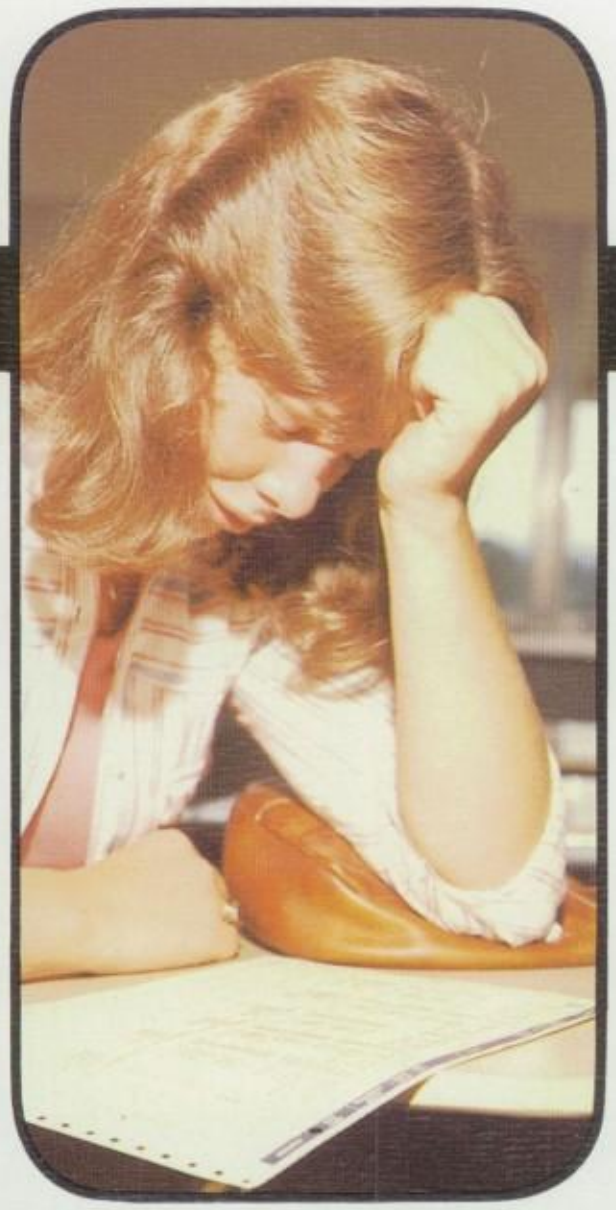
- New principal and "old" assistants
- "Old" assistant principals and new principals
- Pom-poms and Alma Mater
- Senior release and nowhere to go

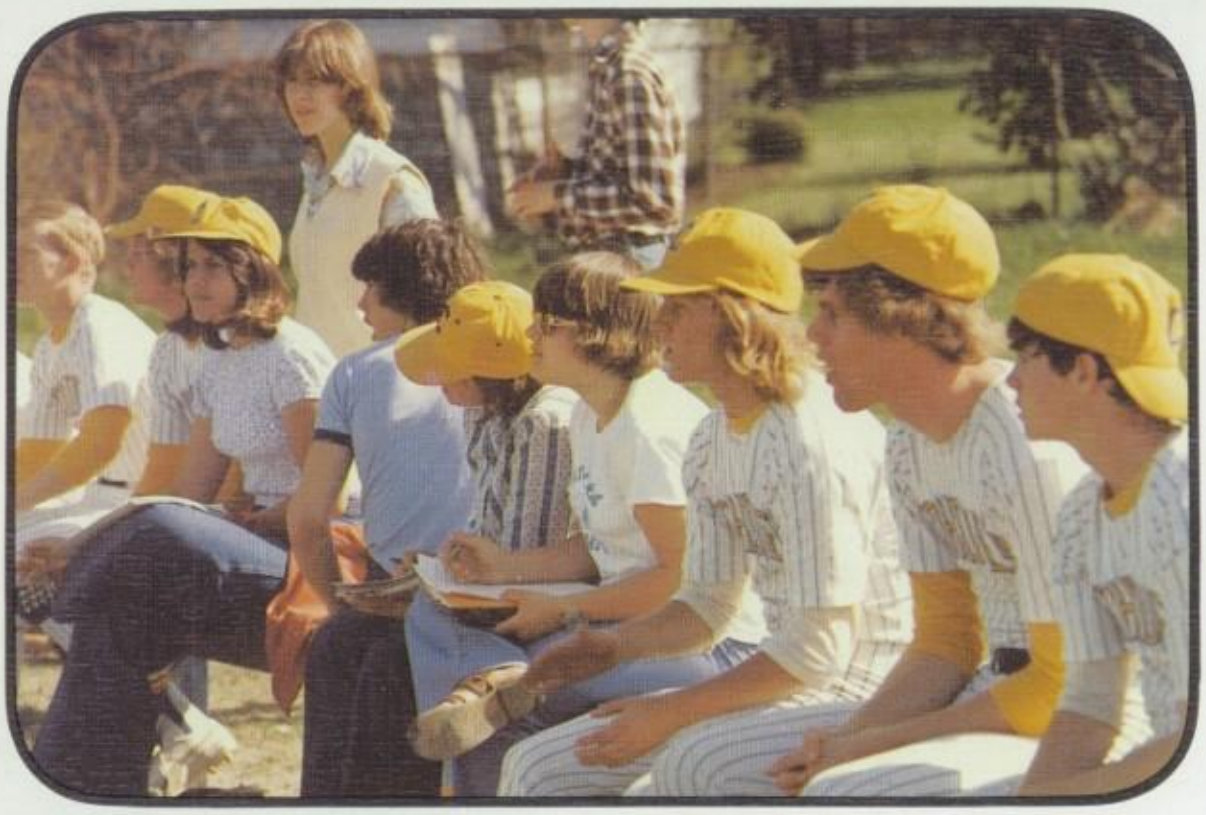


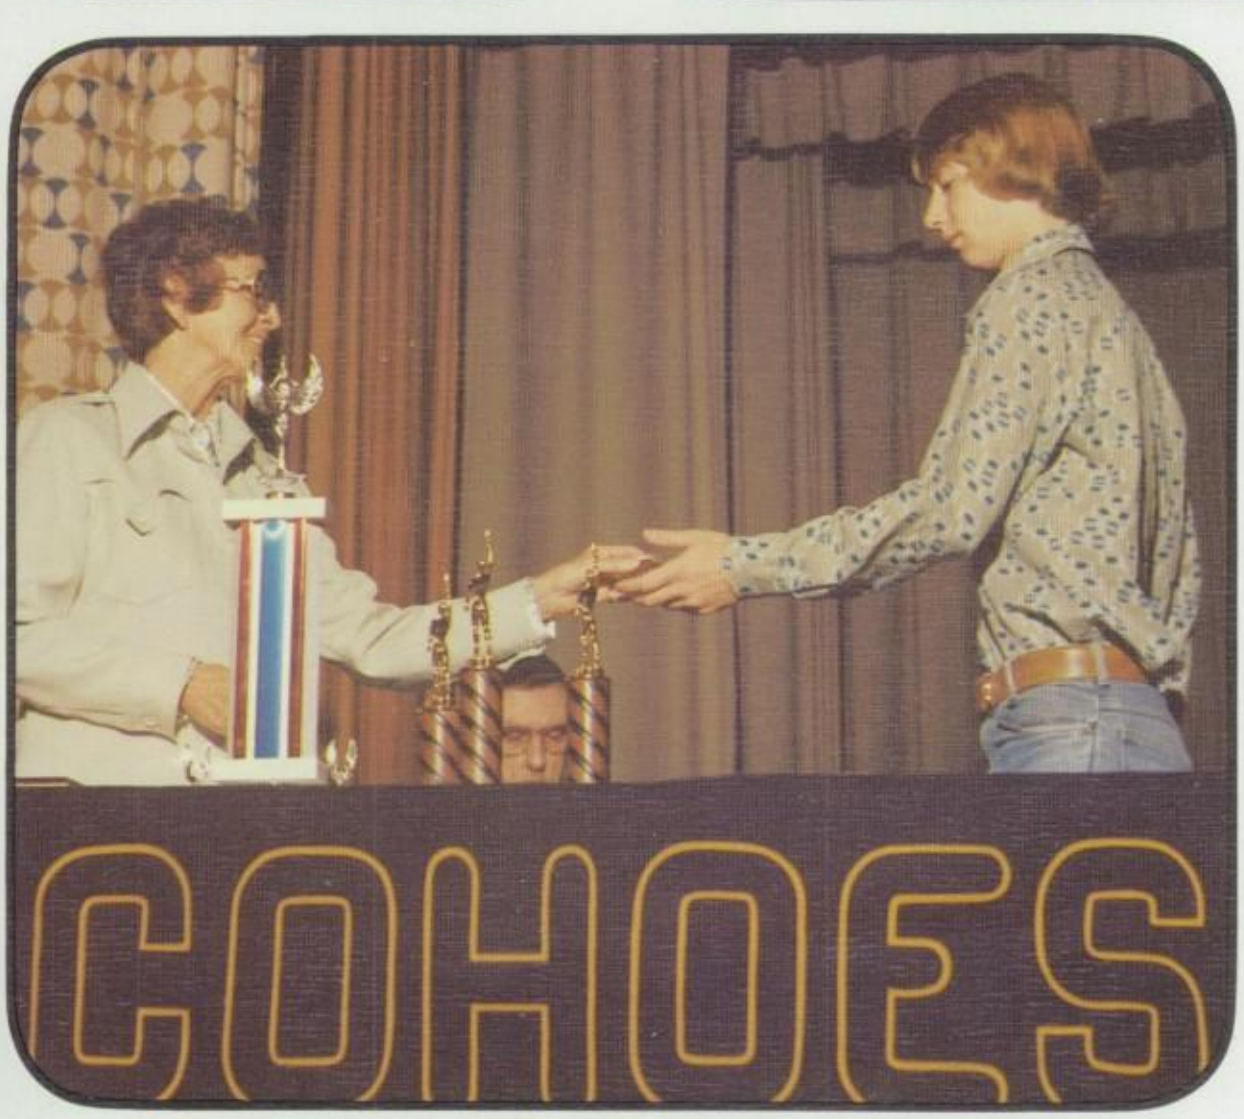
- Parties and "refreshments"
- Typing class and coordination
- Scoreboards and spectators
- Physiology and other bones

BUT NOT QUITE . . .

- Friends and teachers
- Senior Ball (and blue jeans?)
- Locker rooms and uniforms
- Textbooks and term papers
- Drama Class and make-up





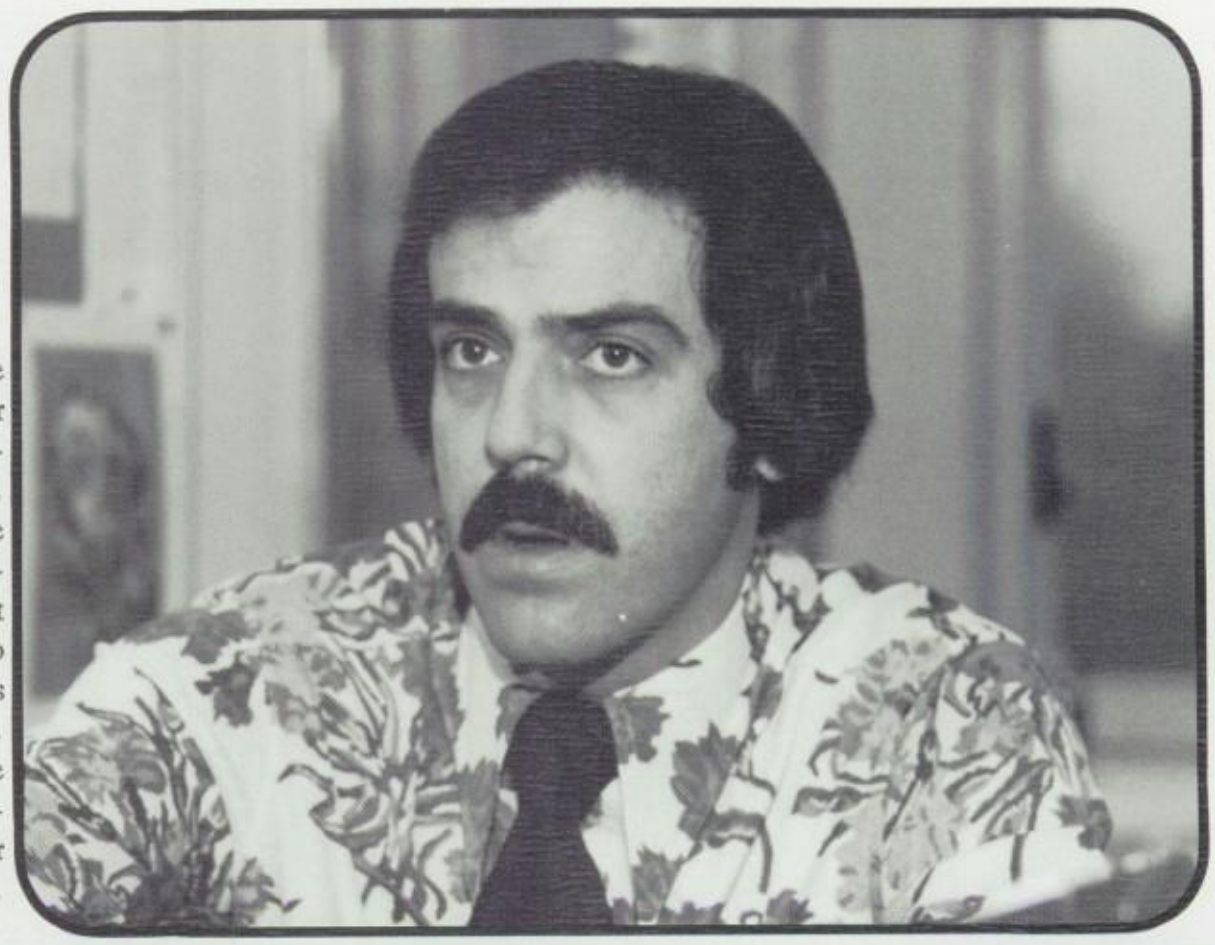


- McDonald's and Big Mac
- Election campaigns and speeches
- BOCES and buses
- Blood Mobile and Swine Flu
- SAT's and RSE's
- Awards and trophies
- Dances and discos
- Driver Ed (and accidents?)
- Soap operas and "Kleenex"
- Bats, balls, batons, bleechers
- Deadlines and quad-paks
- Famous pairs (temporary and permanent)
- Musicals and plays
- Mr. D.'s tests and notes
- Super-Gym and pumping iron

Mrs. Jean Bartnick, Department Chairman and teacher of the Business Department of Cohoes High School for 28 years, has retired. She has been a great help and valuable influence to many of us who are graduating this year. We wish her good luck and happiness in the future. Again, a sincere "Thank You" for everything.

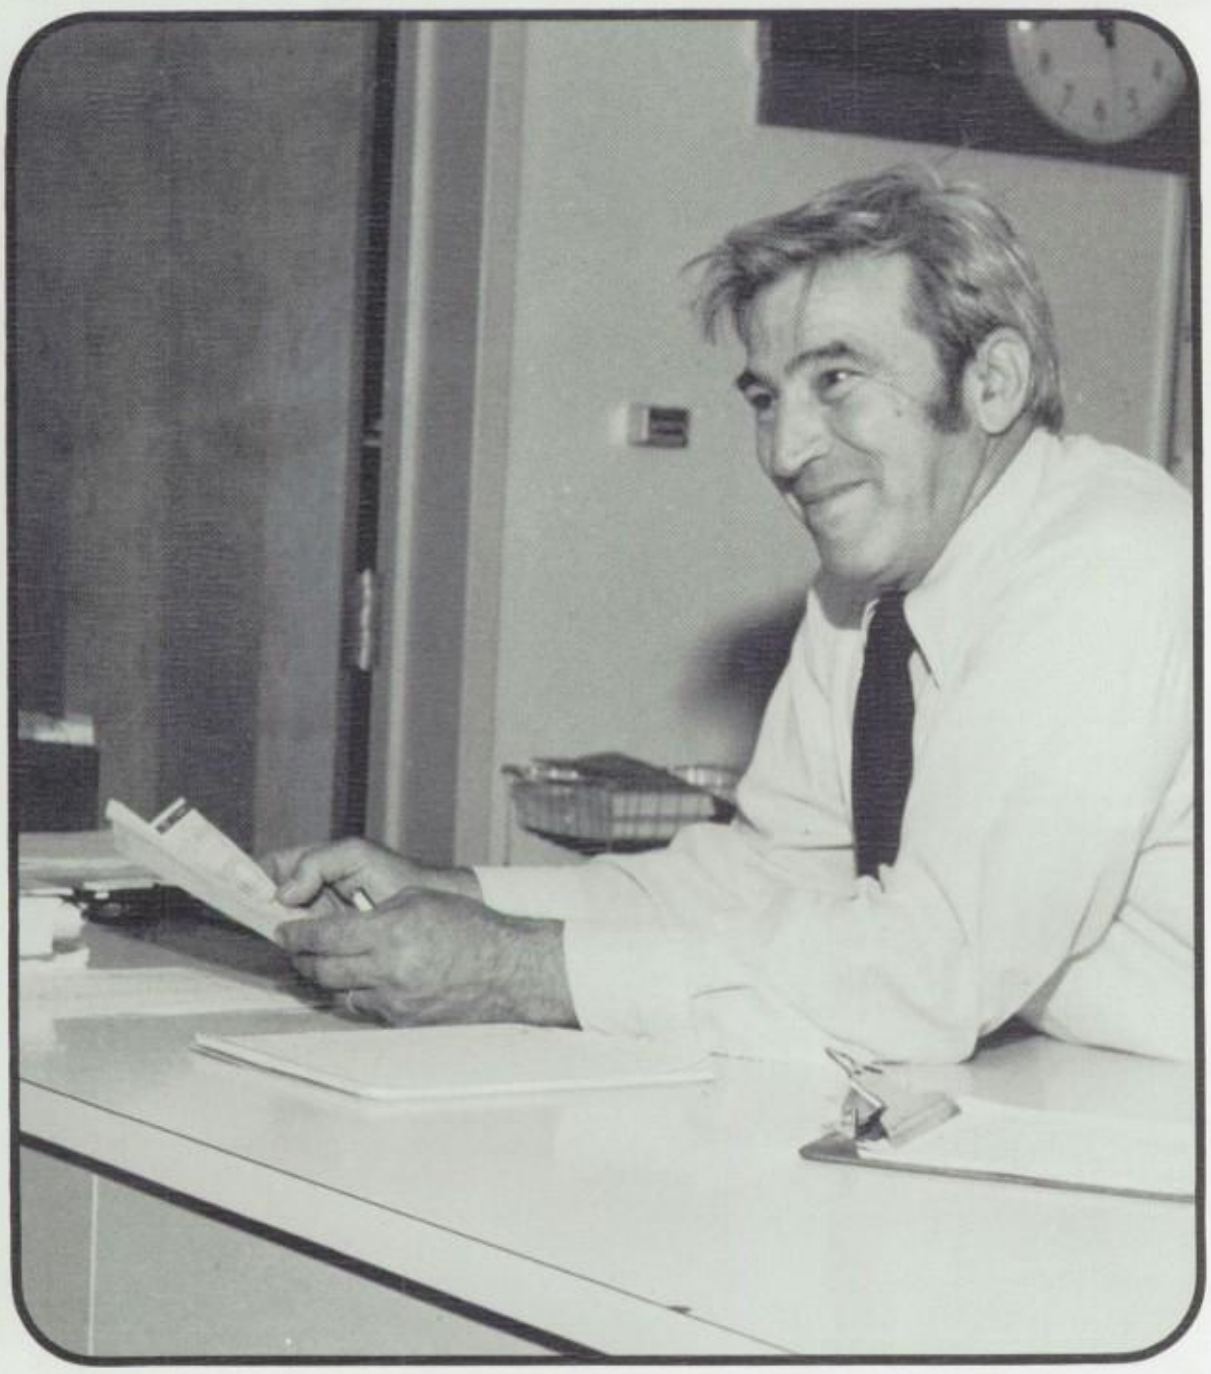
SOMETIMES YOU WIN, SOMETIMES YOU LOSE,

The first year of high school can be a frightening experience for many students. But when Mr. Ronald Gillespie was our principal, we knew that there was always a door open to us. As a principal, and also as a father and a friend, Mr. Gillespie is deeply missed. This year, he was promoted to a new position on the administrative staff. All of us wish him success and happiness in his new job and would like to say, "Thank you for being there when we needed you."



On this page we would like to write about one of the unsung heroes of our school - Gary Signor, our assistant principal. A famous person should have said, "He who does the most is feared the most." Parents who discipline their children earn their love and respect, but when the assistant principal attempts to discipline the students at school, he earns their resentment or fear. We want Mr. Signor to know that now, as we reach the end of our high school years, the resentment has turned to respect and the fear has turned into, we hope, friendship. Thank you for your time and concern.

SOMETIMES YOU JUST PLAY THE GAME



"What does he look like?"
"I don't think anyone has seen him!"
"Is he the one with the black hair and beard?" "No, that's the photographer!"
"I think I saw him yesterday!"
Unbelievable as it may seem, these are some of the comments that were heard in the halls and rooms of CHS during the first weeks of the '76 school year; the reason that this may seem unbelievable is that these comments were about the principal!

Once we located and identified Mr. William Osta, we learned that he has some very definite opinions and ideas on many topics, ranging from senior privileges to educational programs.

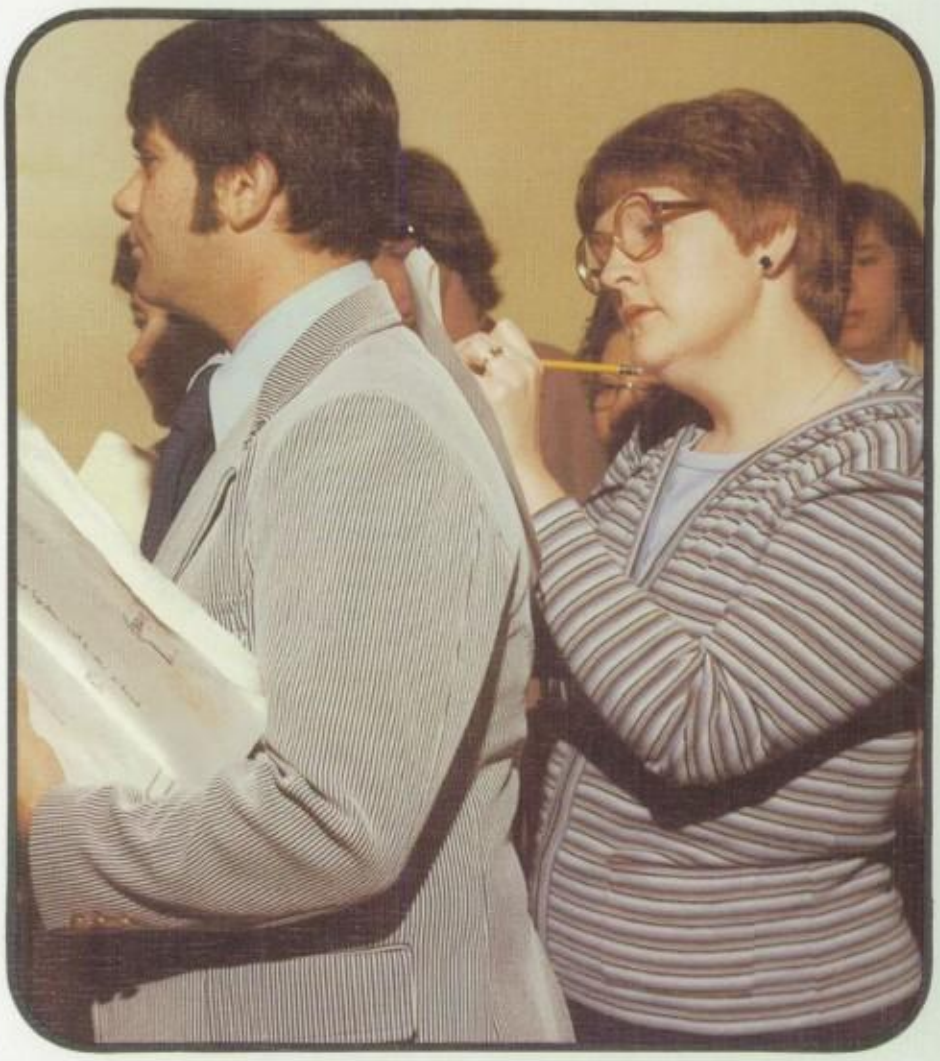
We would like to say, "Welcome to Cohoes High School, and we wish you a sincere 'Good Luck'."

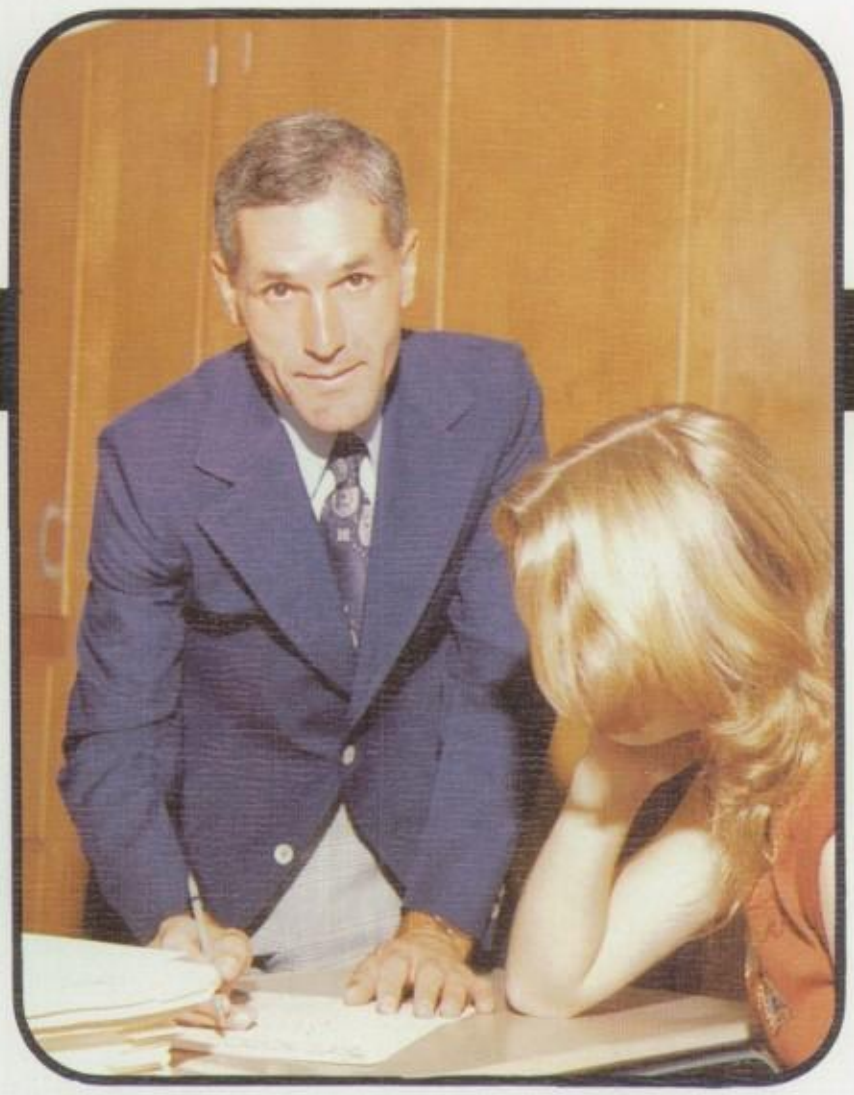
TWO OF

Since May, 1976, the staff of the 1977 COHISEAN has seen several changes in its student hierarchy. Through this, we have had the privilege of working with the same devoted advisor, Sharon Mitchell. Our hard-working friend did more than advise us; she helped us. When those "deadlines were calling," she was there to pop up with some quick answers. When we were down, she cheered us up. Miss Mitchell is the kind of person whom you can go to with any problem, big or small. If we cared enough to stay until the late evening hours in order to have this book published on time, she cared enough to stay with us. What means the most to us is that we didn't even have to ask. Along with being a dedicated, concerned advisor, our friend, Miss Sharon Mitchell, is also very talented in many areas. One in particular is photography. One piece of her fine work is the sunset photo shown at the lower part of this page.

As a member of the COHISEAN staff once said, "She's cool!"

Thanks for everything, SAM.

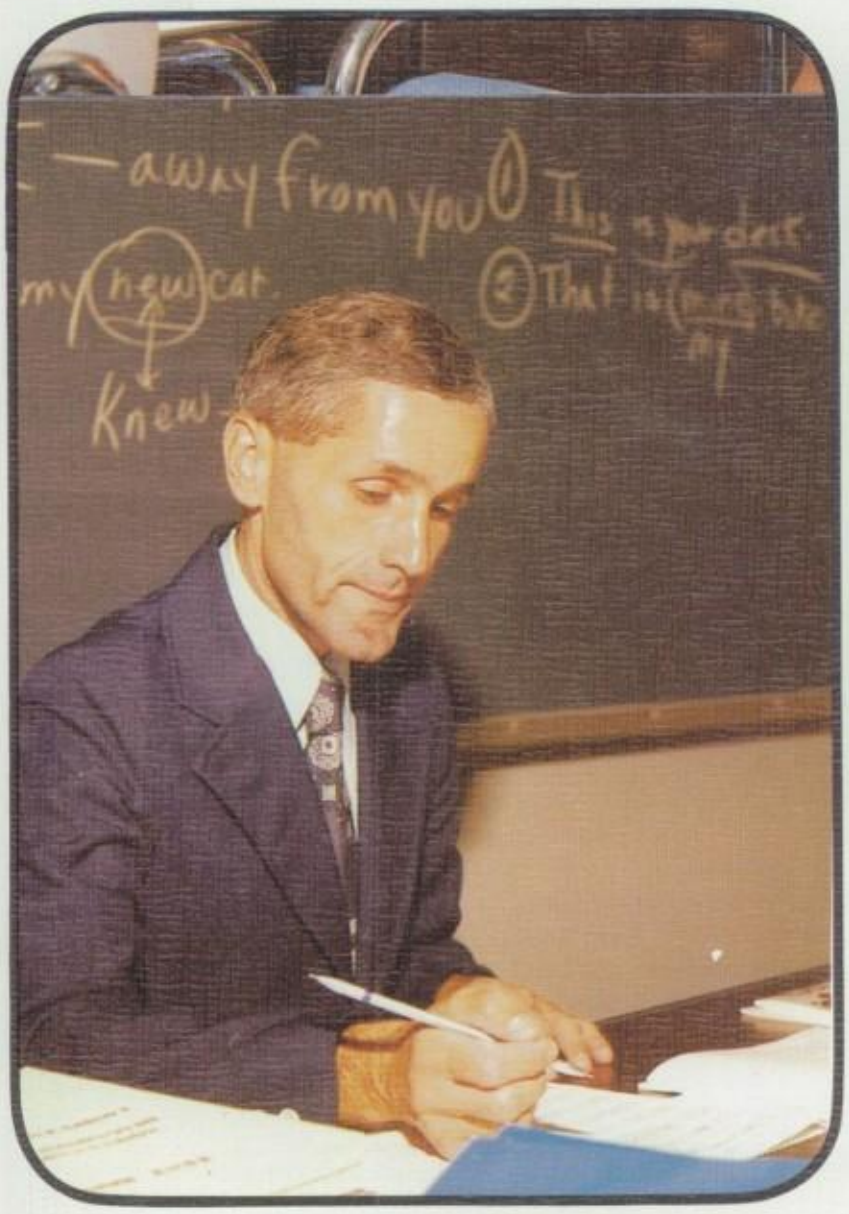




THE BEST

"Exasperating" is the word that Mr. Cassella used to describe the Class of '77. He certainly is qualified to make such a statement; he has been with us every step of the way for the past four years. Since our freshman year he has been putting up with our last-minute, elaborate, "would-be" plans for traditional social events; he has listened and refereed our arguments, and rendered final decisions - just before an outbreak of another World War.

"Patient" is the word that we believe should be used to describe Mr. Cassella. Our class certainly needed a dean of extraordinary patience, tolerance, and understanding; Mr. Cassella fit the bill perfectly. Unfortunately, too often he was repaid with unfair



statements, unjust accusations, and snap judgments.

Mr. Cassella was quoted as saying, "It was a good class." As we look back at his four years of service for us, we would like to say, "You were a very good dean. We appreciate everything that you have done for our class."

"THANK YOU, MR. CASSELLA!"

Yearbooks cost money; they are expensive to buy, but they are even more expensive to publish. This year several of the clubs of C.H.S. generously paid for an ad to help us meet our costs. We filled their ad with a photo of their club members. (See pages 168-169 and 175-176). In this section of the book, we have chosen photos of the club members "in action."

On these pages, we see the activities of the National Honor Society, which inducted 51 members this year and is directed by Mr. Rosario Donatucci, and the Student Council, which is advised by Mrs. Jean Riley. The C.H.S. Band and Dance Band, directed by Mr. Thomas Gudrian, performs several concerts each year. The Mohawk Yorkers chapter at C.H.S., advised by Miss Julie Hasko, sponsors several fund-raising activities each year to finance excursions to cities of historical interest.

Groups On The Go . . .

The French Club is one of the newest additions to C.H.S. extra-curricular organizations. Although only in its second year of existance, several club members visited France during spring recess with Mrs. Pamela Drennen, advisor.

Continuing with its 11 years of tradition, the Math-Science Club again sponsored its annual Alumni Party, offering club members an opportunity to discuss the "ups and downs" of college life with C.H.S. alumni. Mrs. Helen Frament has served as advisor of the club for all 11 years.

The Spanish Club was formed for the purpose of giving its members a better insight into the Spanish language and culture. Mr. Anthony Bartilotti is advisor of the club.

Featured on these pages is G.A.A., the Varsity Club, D.E.C.A. and Student Store. The Girls' Athletic Association helps to promote interest and participation in girls' sports. Through sales of baked goods and candy, members raise money for their annual outing in Rensselearville with advisor, Mrs. Marian Lambertsen.

Each year the Varsity Club awards three scholarships to outstanding senior athletes. Funds for these scholarships are raised through the annual Varsity Club vs. Faculty Basketball Game. Mr. Fred Kluth advises the group.

Distributive Education Clubs of America, D.E.C.A., is a rapidly growing club at C.H.S. Members explore and learn, first hand, about the business world through operating the Student Store and competing in state-wide and local contests. Mr. Gary Marcus advises the group.

Each year the members of the Future Teachers of America have a day to "take over" the school. This gives members a chance to explore and experience a field that surrounds us every day. The F.T.A. advisor is Mrs. Maureen Geer.

The Audio-Visual Club studies the efficient use of audio visual materials as teaching aides, with the aid of Mr. George Wallace, advisor. Our majorettes and color guard provide us with entertainment at C.H.S. sports events and activities.

To say that I'm sorry it is all over would be a lie. To say that I've learned a lot would be an understatement. And to just let it all slip away would be foolish. C.H.S. is an experience, good and bad. Some moments shared, and others not. We came this way by striving for individualism, and we found it among ourselves. Reflecting on four years, I can see visions of life - an eternity of struggle, caring, defeat, and victory - but only a few moments were shared . . .

Lynn Scutt

Four years at C.H.S. and what do you get out of it? You get good times and good friends. My years here have been just fantastic and have given me a great deal of joy and happiness. It would be impossible for me to thank all the people with whom I have shared my stay at Cohoes High - both students and teachers. I hope that you all know who you are. As I leave, I would simply like to say, "Hey, thanks for everything."

EDITORS

We decided that the best way to describe our experiences while working on COHISEAN '77 would be to play back an imaginary tape of our fondest memories. These are the sounds that could always be heard in Room 307 . . .

"Don't lean on quads."
"The pizza is cold again."
"Jim, shut up."
"Photography meeting."
"Connie, go get some sodas."
"Oh, My GOD."
"Is Ken Coming?"
"Yesmin'll do it!"
"Don't press on pictures!"
"No fitsees!"
"You'd better boil more hot water!"
"Sodas off the table when quads are out."
"Anybody want to buy a candy bar?"

"What do I do with it now?"
"Where's my typing staff?"
"What staff?"
"When are you going to teach layout?"
"What imaginary line?"
"When can I start work on my section?"
"Did my pictures come in yet? . . ." "What pictures?"
"I never want to see another (&%# daisy."
"It's not my fault!"
"What team pictures?"
"Thanks, Mrs. Coonrod!!"
"File it!!"
"Tacky," or "Pitiful."
"Did I put film in the camera?"
"Did you hear about my retarded cousin?"
"Did you take the lens cap off?"
"It's cool!"
"Mr. 16 x 20!" or "I'm available RUTH!"
"FINE!!!"
"Oh, Jeeves . . ."
"Ask Lynn, she'll know."
"Is there anything for me to do today?"
"Where's the Paper?"
"Well, uh, you know what I'm trying to say??"
"Can I ask you a question?"
"Who did this layout?" (SILENCE)
"Don't forget KISS and SCUFI!!"
"We've been working on the yearbook . . ."

What's a yearbook without a staff? It is a yearbook without imagination and creativity. A yearbook is composed not only of copy and pictures, but also of the personalities of the people who have worked on it. On these two pages, you will see the people who have given of themselves to make COHISEAN '77 possible. We would like to thank our editors and staff for their time and effort. We especially thank our photography editors for their fine pictures, artistic cropping, and great warped senses of humor.

We also feel that this would be a "super" time to thank our Taylor Yearbook representative, Mr. Jim Simmonds, and our Ramark-Varden yearbook photographer, Mr. David Mosher, for coming to our rescue whenever we needed them. Last, but certainly not least, we give our thanks to Miss Sharon Mitchell, Advisor and friend.

Looking back at yesterday . . . we see that class sales became the monster in our lives that taught us the value of earning money. We had opportunities to use our creativity and have it displayed in the Arts, Crafts, and Fashion Shows. And on F.T.A. day, we looked at school from the other side of the desk.

Preparing for tomorrow . . . we gave our blood for future use. We represented our school and brought home the trophy from "Answers Please." We competed for school responsibilities by running for office in Student Council. We started the tradition of crowning a Homecoming Queen.

By rehearsing for todays . . . we learned about the art of acting. Hard work, long hours, and the fine direction of Mr. David Beditz resulted in success and glory for C.H.S. when OKLAHOMA!! filled our auditorium in the spring of '76.

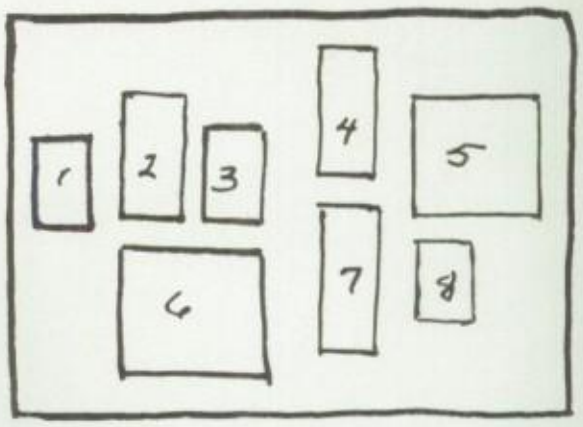
By recognizing our strengths . . . we worked to gain recognition from others. Our athletic accomplishments were rewarded last spring at Boys' and Girls' Sports Award Banquets. We learned to acknowledge the feats of others and pride in ourselves.



By sharing our achievements and our joys . . . with others, we awarded ourselves as well. The Awards Assembly and the National Honor Society Induction made our work worthwhile and made us proud of ourselves.

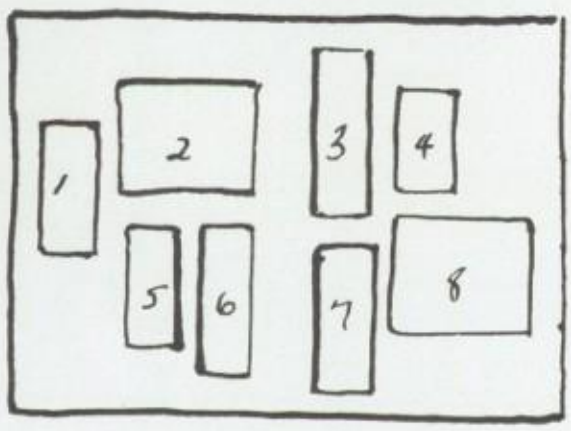
By uniting ourselves through tradition

. . . we discovered our first true feeling of class unity. On November 10, 1975 we met at the Century House in Latham, N.Y. to receive the class rings that we had worked so hard to decide upon. Whenever we look at those rings, or this book, we will recall a beautiful memory.



By stepping out of our childhood . . . we walked into maturity, all dressed up for our evening of dining and dancing at the Americana Inn. On May 8, 1976, we gathered at our Junior Prom to climb a "Stairway to Heaven."

We shared our happiness and our disappointments. But one thought remained in common - anticipation of the future. Graduation is a time that we all worked for. Our work can come to an end or expand. We have a choice to create a future.

As you probably know; wrestling, golf, and tennis were eliminated from the '76-'77 season because of a lack of funds. I hope this sport section will bring back memories for you, and encourage you to join C.H.S. sport activities next year.

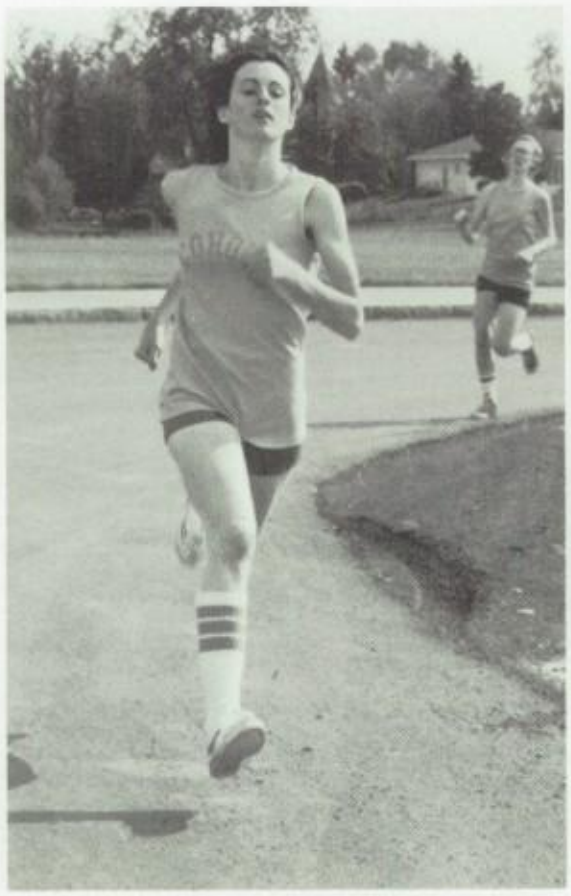
Track Runs Wild . . .



If an award were given for "Most improved team," our Girls' Track Team would certainly win. The girls have advanced from a "no win" season last year to a third place standing in the Colonial Council this year. Since many of these experienced team members will be returning, Coach Paul Wheeler anticipates another winning season.

Many close games made the '76-'77 season exciting for players and fans of the Girls' Varsity Softball team. Much improved fielding and batting under the fine direction of Mrs. Marion Lambertsen, brought the girls to a winning 6-8 season record.

Softball Hits Hard!

J.V. Soccer Shows Promise . . .

A 3-3 season record is quite an accomplishment for a team that consists mainly of freshmen. Inexperience hindered the girls J.V. Soccer Team, but now that they have one season behind them, Coach Marion Lambertsen and the team are looking forward to greater success next year.

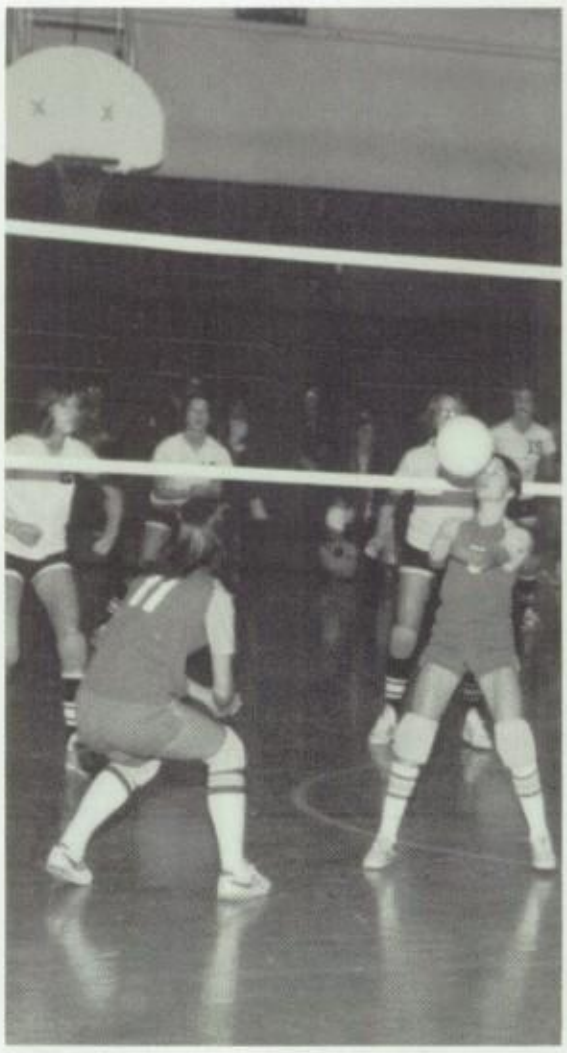
The loss of several senior halfbacks from last season hampered the Girls' Varsity Soccer Team this year, but the girls showed talent and experience on the field. They finished the season in a tie with Schalmont for 2nd. place in the Council. Graduation will hurt the team again this year, but remaining varsity players and talented, upcoming J.V. players should be able to continue the success pattern.

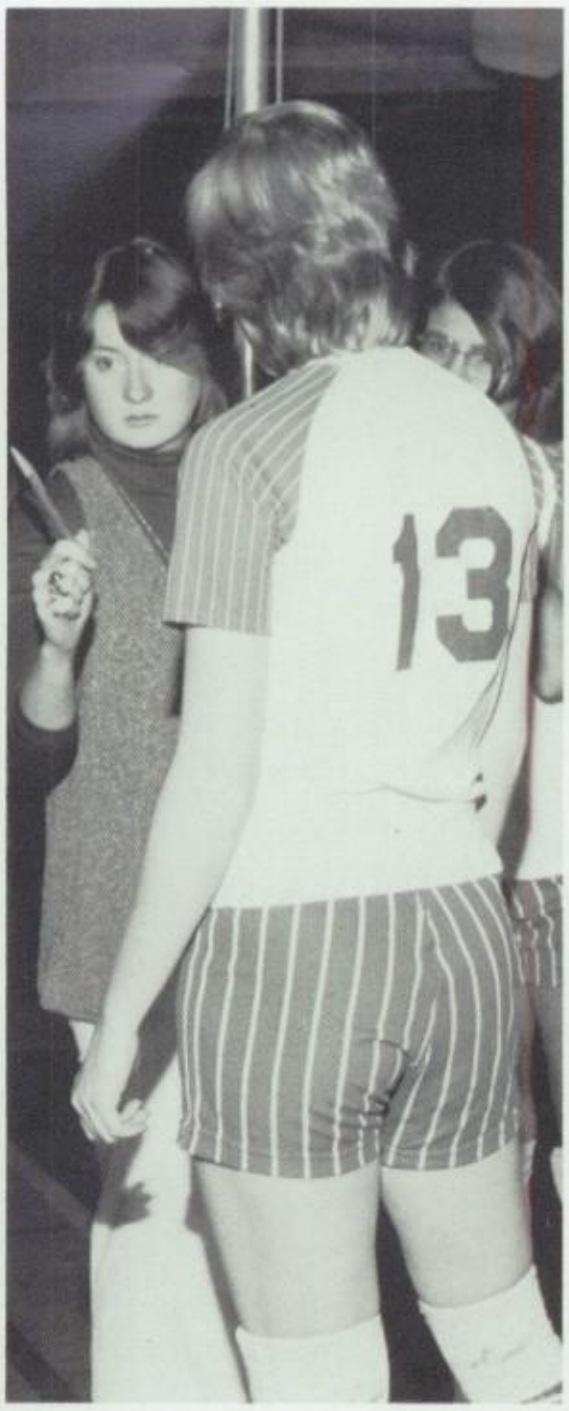
Varsity Soccer Ties For Second

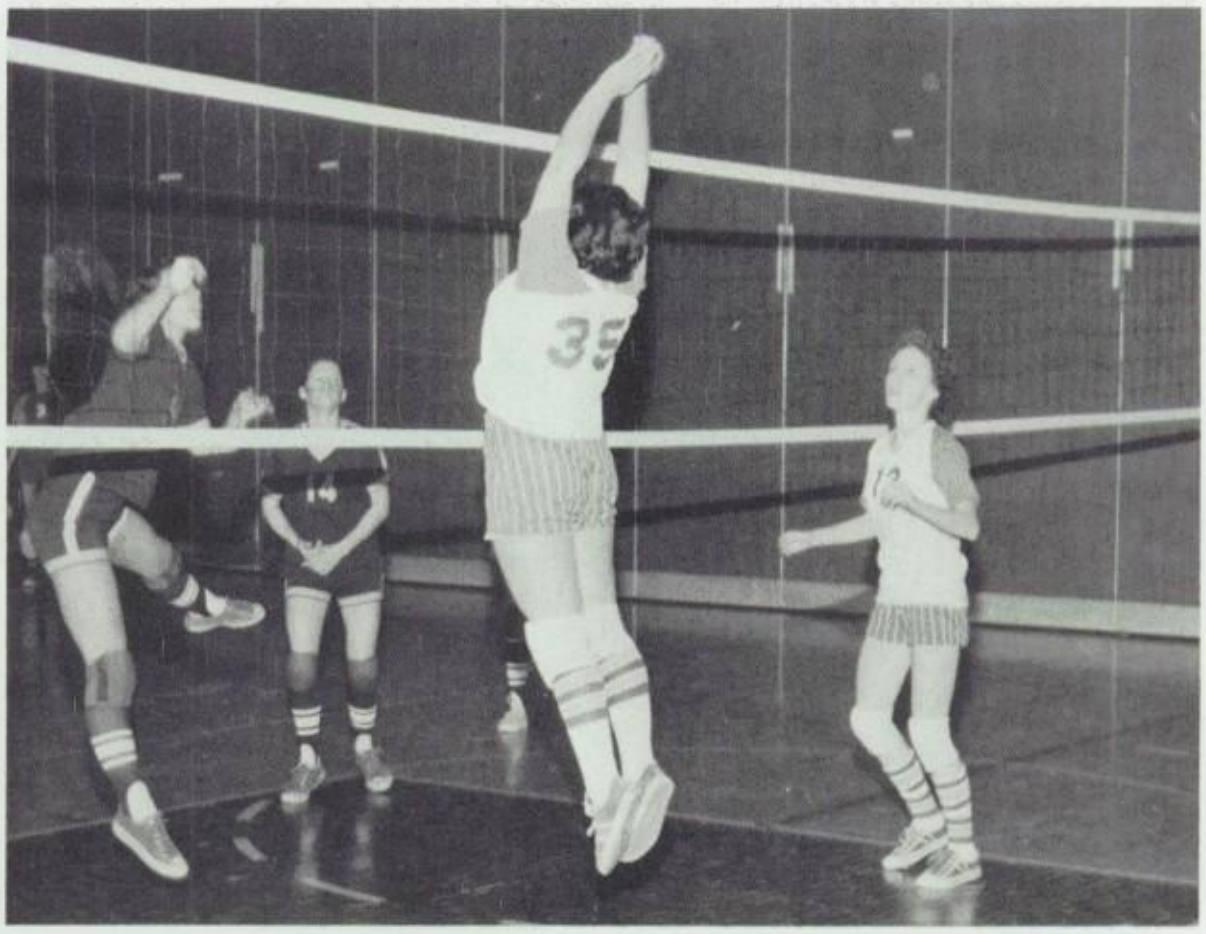
J.V. Volleyball Picks Up Steam . . .

The Girls' J.V. Volleyball Team showed many new faces this year. Because the team consisted of several freshmen, it lacked the power of other teams that are predominantly sophomores. Having gained necessary experience, the girls, coached by Mr. Paul Wheeler, are looking forward to next season and the chance to be a winning team.

Talent and experience combined to give the girls' Varsity Volleyball Team a 6-4 season record. Coach Marge Wheeler will lose many of her strong senior players this year, but there is always the hope of gaining fresh talent in the new players for next season.







Varsity Looks To New Talent

J.V. Hoop Continues Success Story

The tradition of skill and success in basketball at Cohoes High School is also being upheld by the Girls' J.V. Team. Coach Paul Wheeler has guided the team to an outstanding 6-3 season record, which has them in a deadlock with Ravena for first place in the Colonial Council as this yearbook goes to press.

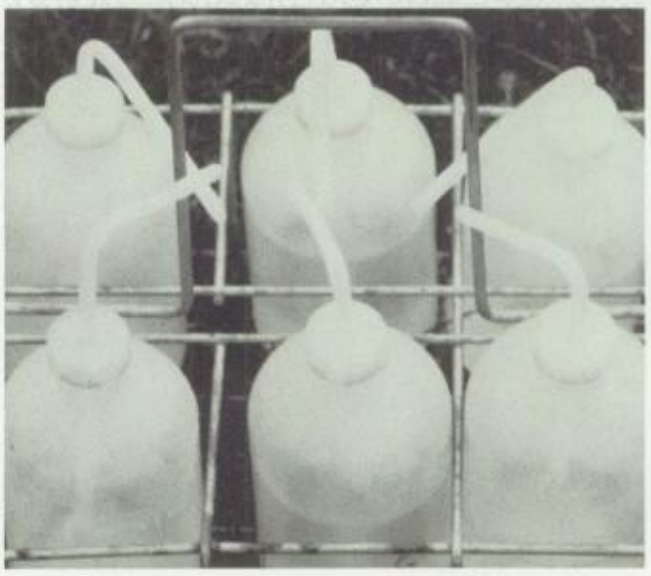
"It's the greatest team that I've ever coached." These words summed up Coach Mike Smith's feelings about the '76-'77 Girls' Varsity Basketball Team. For the second consecutive year, the girls stormed to a Colonial Council crown. This victory added a great finishing touch to the careers of several outstanding senior players. The team can look forward to a chance for #1 again next year since several of the varsity players will be returning and strong players from the J.V. ranks will be joining them.

Girls Shoot For Two In A Row

Sports are certainly becoming a very important part of American society; we are constantly being given more opportunities to participate in sports directly and even to watch more competition on television.

Women are assuming much more active and important roles in competitive sports; they are even venturing into some of the so-called "men's" sports. The "Battle of the Sexes," televised by the CBS Network, is just one reflection of the new role of women athletes on a more equal basis with their male counterparts.

Changes in the Athletic Program of Cohoes High School reflect this new social trend. Girls' athletics are continually increasing in size, importance, and skill. In other ways too, the new trend in sports and changes in school athletics may affect each other. For example, the Cohoes Board of Education found it necessary, for budgetary reasons, to drop four sports



from this year's program. Wrestling, Golf, Tennis, and Freshman Football were cancelled. Who knows what the future may have offered to the girls of Cohoes High School if they could have had an opportunity to try their skills in golf or tennis. Sandy Palmer and Chris Evert, Jane Blalock and Billie Jean King started somewhere!

There are many benefits that you can get from participation in sports. You can develop your own personal talents, learn to take the good with the bad and learn to work as part of a team by competing against other teams. Most important of all, the game becomes a part of you, the individual. Everyone has his or her own way of expressing himself, and playing on a team is one of the best ways to express "the real you."

Frosh Flounder First, Finish Fine . . .

The Freshman Tigers lost their five opening games of the season, then came back - all the way to a high spot in Colonial Council standings. Coach Flavin said, "I'm really proud of the way the team fought back."

Heart-breaking losses robbed the J.V. Tigers of hope for a Colonial Council title this year. By their tough fighting and the excellent coaching of Warren Mannix, the team was able to secure a place in the league's top three finishers.

One More Time!

This was supposed to be a "rebuilding" year for the Varsity Basketball Team; no one believed that they had a chance in the run for the league crown. Coach Joe Loudis and his team surprised the Colonial Council again and, as this yearbook went to press, held second place on the way to a possible second consecutive Colonial Council Championship. John Napolitano became one of the key scorers on the team this season. Since many gifted players are on the way to his "camp," Coach Joe Loudis may have more "rebuilding" seasons like this one.

Success early in the season faded as injuries took players from the "active" roster of the Varsity Football Team. Even daily practice sessions claimed several players each week. The 1-7-1 season record is not a true reflection of the players' ability. Also, as Coach Ed Krawiecki said, "The team showed a great deal of courage by going against teams of much greater size."

Injuries also plagued the Junior Tigers as they struggled to a 2-5-1 season record. The team played a tough J.V. schedule and faced two varsity teams as well. The players worked under Fred Pidgeon, who experienced his first year as a head coach.

J.V. Follows New Head Coach . . .

Injuries And Courage Mark Varsity Season

Inexperience hampered the J.V. Soccer Team this season. Three J.V. starters were promoted to the Varsity ranks after some victories early in the season; this moved a few young, but talented, booters into starting roles. Although this was not a winning season, Coach Frank Gorleski is not discouraged; he is building for future success.

The season record was 5-9-1, but this record hides the fact that the Varsity Soccer Team made many fine showings. Since the team consisted mainly of underclassmen last season, these players will return to join with players coming up from the solid J.V. ranks to form a winning combination with Coach John "Hoyt" Wilhelm. Jim Peat brought added glory to this year's team by being named All-City First Team Halfback by the TIMES RECORD newspaper.

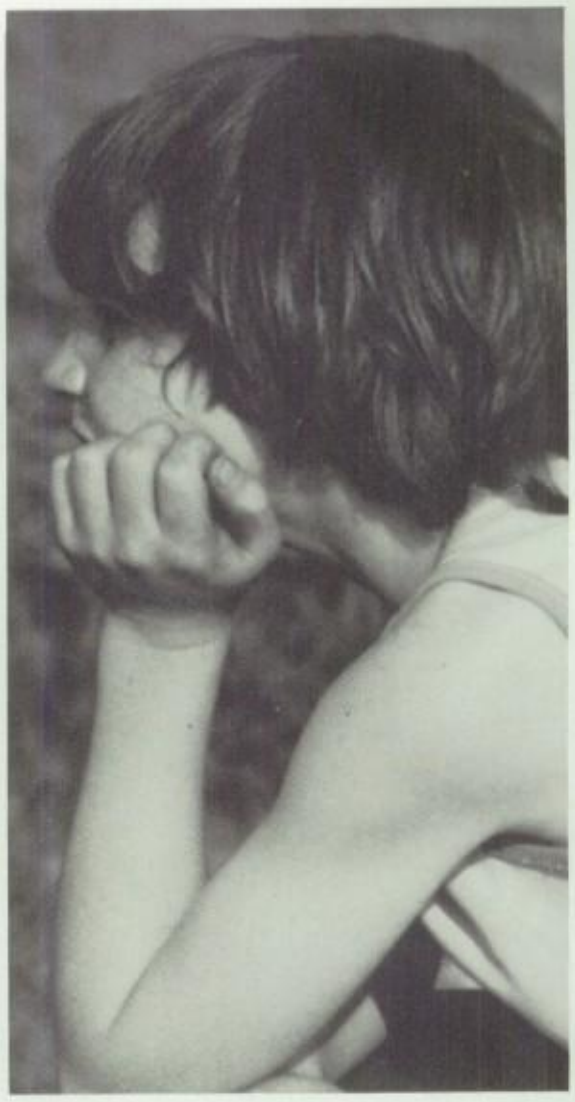
Numbers Don't Show Talent



Cross Country Looks For Future Glory . . .

Coach Gene Culnan's Cross-Country runners were well-grouped in all four classes with one senior, two juniors, three sophomores, and two freshmen. This grouping led to a final record of 3-7 for the season. With most of the same players returning, the team is counting on an even more successful record next year.

For several years, CHS students showed little interest in joining the track team, but this year was different. Many underclassmen came out for track and added new depth to many of the events. The '77 season's team will also consist of many returning players, which should lead to another successful run.

Varsity Baseball Looking Good!

No one expected much this season from the boys, but surprising plays in the clutch and the coaching of Mr. Fred Pidgeon combined to produce a winning season. Freshmen made up the bulk of this team and will probably make a winning club next year.

The 1976 Varsity Tiger batsmen ran to a second place finish in the Colonial Council. Coach John "Hoyt" Wilhelm directed the team, mostly sophomores and juniors, to a 13-8 finish. Many of the lettermen will return for the '77 season, which gives the Tigers hope for another winning season.

WHAT IT MEANS TO BE THE HOMETOWN BANK

Being Cohoes' hometown bank is a big responsibility for us . . . both to the people of our city and to the surrounding community as well.

As we see it, this responsibility starts with the basic business of banking — making mortgage money available at favorable rates; providing a good steady rate of interest on savings accounts and certificates of deposit. It extends to a host of family financial services including free checking accounts, individual retirement accounts and direct deposit of social security funds.

That's not all. Being the hometown bank requires much more. Things like making banking convenient with a wide-range of open-for-business hours and easy-to-get-to offices. It also means expanding — opening new branches outside of Cohoes — to make even greater resources available to our customers bank-wide.

And it means being a good citizen, sponsoring civic events, supporting local activities, donating manpower and material to area projects.

But most of all, being the hometown bank means knowing and loving Cohoes. At Cohoes Savings, we've done this for more than 125 years.

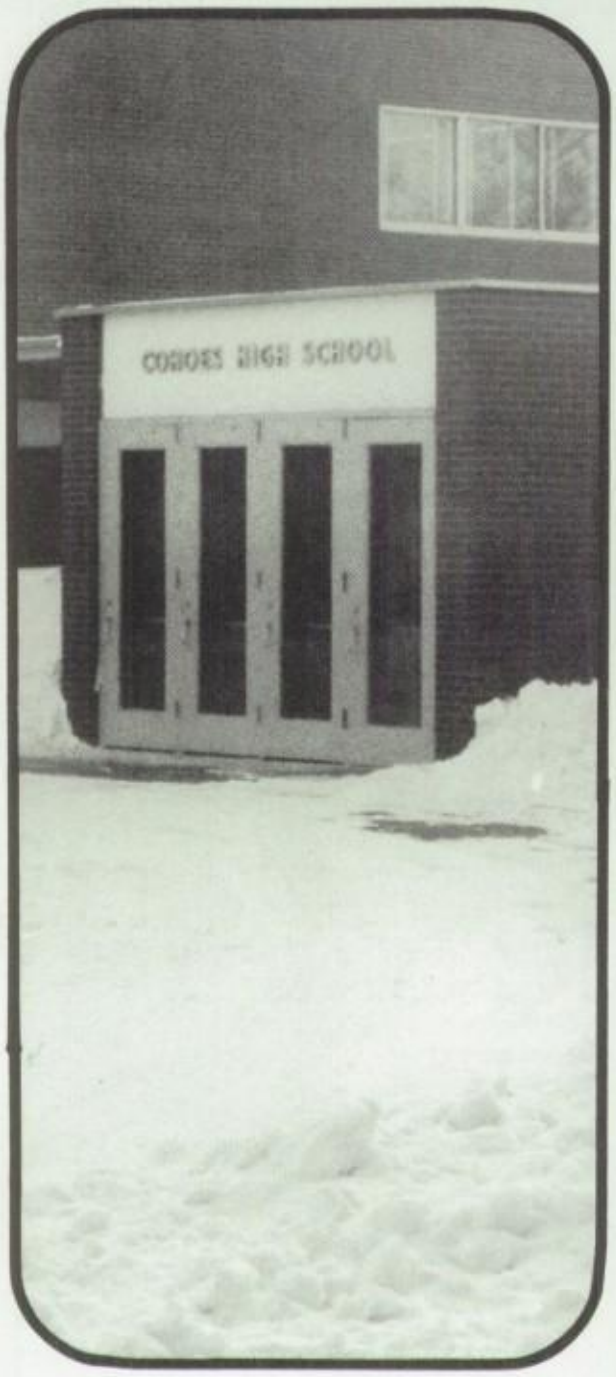
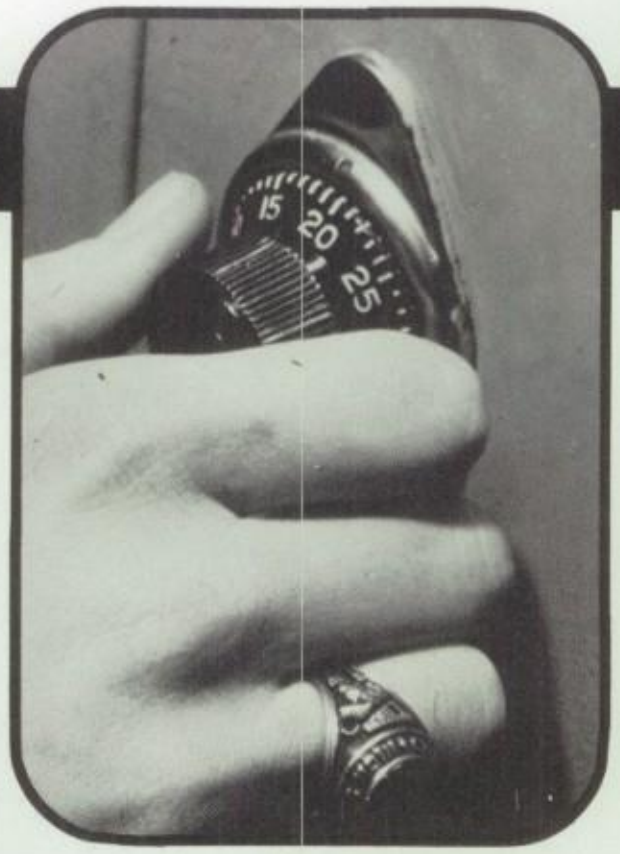
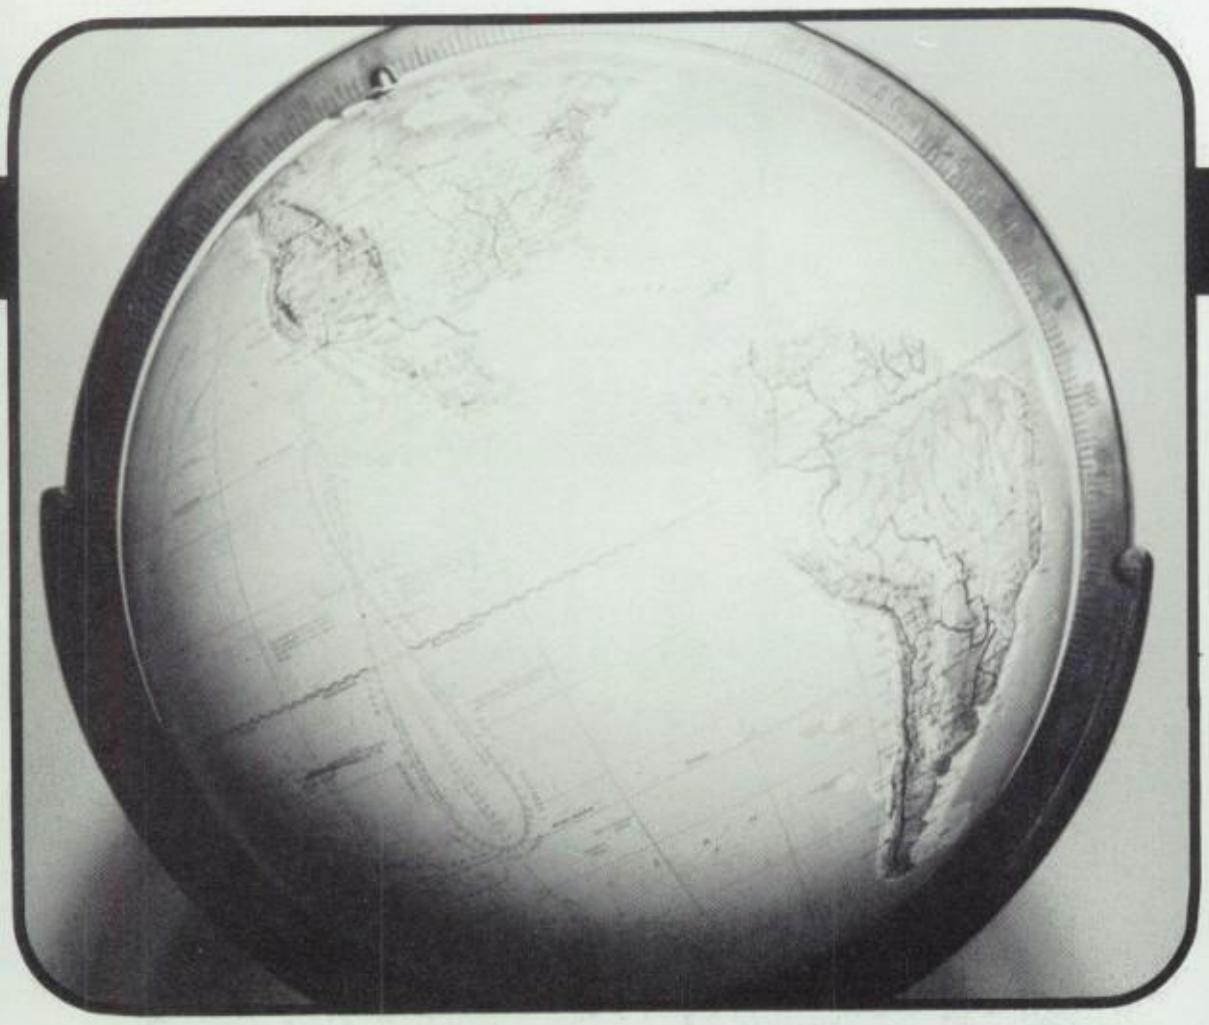
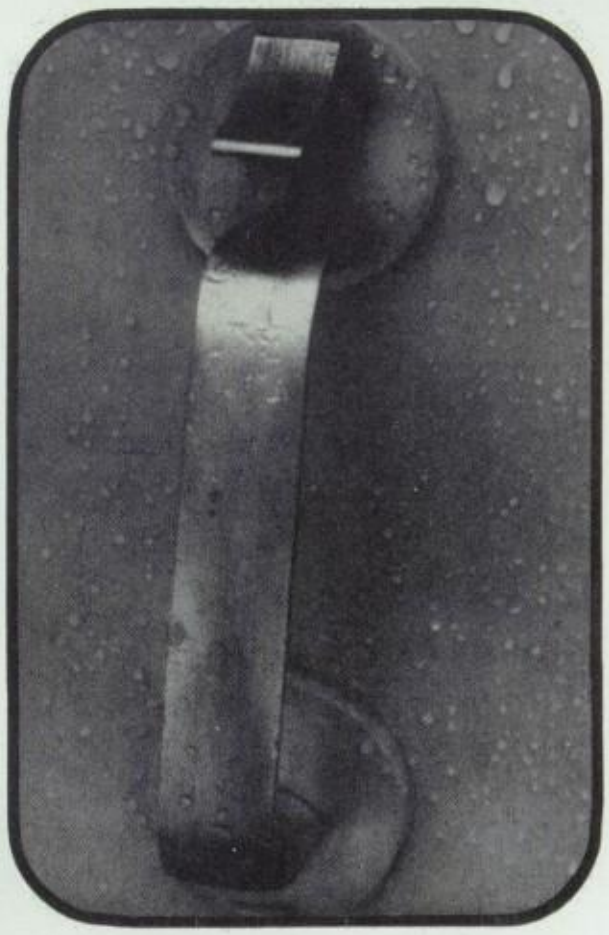
WE GREW







IN STAGES . . .



Just as a daisy must pass through different stages as it grows from a bud to a flower, and makes its place in its field, so we pass through different stages as we grow from infants to adults and make our places in our world.

ALONE BUT TOGETHER.
